Dear Ms. Atkinson:

I have been contacted by Mr. Phil Petersen, of Spirit Lake, Iowa, requesting my assistance regarding the approval status of PS Docket No. 09-19, the American Association of Information Radio Operators petition regarding Travelers' Information Stations Provision of Localized Public Safety and Emergency Information. It is my hope that this proceeding can be resolved expeditiously to avoid administrative delay.

I appreciate your review of the issues raised by this constituent and ask that you forward your response to the attention of John Moreland in my Des Moines office listed below.

Sincerely,

Tom Harkin
United States Senator
